**Call for proposals for the students of the
University of Veterinary Medicine**

**Whitin the framework of the EFOP-3.6.3.-VEKOP-16-2017-00005 project,
the University of Veterinary Medicine is organizing the 3rd
programme for development of presentation skills.
The best students/presentations will be prized in the final award ceremony.**

**Competition theme: Meeting of Science and Innovation in the field of Veterinary Science.**

**One can apply with:**
- innovative approach to an existing research or topic
- a new, innovative idea

All postgraduate students and undergraduate students who have successfully completed their 3rd year can take part in the programme.

The students will be selected for the programme based on their application forms evaluated by the Scientific Committee.

Communication professionals and designated personnel of the Project Department will help students prepare for the presentations.
A professional jury will evaluate the presentations. The members of the jury will be published later. In addition to the value and the innovatove aspect of the topic the quality of the presentation is also important. The best presentations may also be published.
