

Internship

Dierenartsenpraktijk Bodegraven offers a 1-year internship program. This internship is designed for qualified veterinary graduates who wish to specialise in equine general practice or specific disciplines related to equine practice.

The clinic is located in Bodegraven, in the Netherlands, providing care 24 hours a day, 365 days a year. It is a quickly developing, well equipped busy clinic with high and versatile caseload. The clinic has a first line service with emergencies and routine interventions as well as many referral cases at the clinic and on the field. You can find at our clinic including but not limited to the following instruments: MRI-scan, built in and mobile x-ray systems, different ultrasound systems, endoscopes, laboratory, fully equipped surgery rooms with the possibility of standing and general anaesthesia.

Here you will have the chance to master yourself in the fields of orthopaedics, diagnostic imaging, internal medicine, obstetrics, neonatal care, dentistry, ophthalmology.

We currently offer 2 internship positions. During the internship you will work closely with our veterinarians helping with the emergency cases, help maintaining a high standard of care for hospital patients and helping with patients coming in on a daily basis. There are daily stable rounds where the interns are expected to give a summary over the patients' state and treatment plans in consultation with the senior vets. The interns will perform a presentation monthly about a chosen topic therefore they are encouraged to follow cases closely of the given topic.

Requirements are the following:

- Veterinary degree
- Stable level of English
- Experience with horses
- Interest in equine medicine

Dutch language and a driving licence is not required but it is an advantage.

To apply for the internship please send us the following documents to kt@dapbodegraven.nl:

- CV
- motivation letter
- Diploma of Veterinary Medicine
- and if possible, a reference contact/letter.

You are always welcome to have a look at our clinic or spend few days with us before you apply for the internship. If you have further questions, please do not hesitate to contact us.
