

## How to check your averages for TDK / number of elective credits in neptun?

Please log into Neptun and pick: Studies / Grade Average menu.

There you can see the averages of each terms (this is what needed for the TDK application form) and the cumulated averages. You can also see the number of completed credits. You need to reach 30 ECTS from electives, so what you need to add:

All obligatory elective subjects (completed credit/taken credits) **15/29** – **these are the B-type subjects**

All elective subjects (completed credit/taken credits) **10/13** – **these are the C-type subjects**

The sum of the above two (obligatory electives + elective subjects) give out the necessary number of completed electives.

Please note: your semester has to be closed by the Student secretary so that all credits could be taken into consideration!

The screenshot shows the Neptun Grade Average page. The main content is a table with the following columns: Year, term; Student's status; Financial status; Credit; CreditAll; SumCredit; SumCreditAll; Weighted grade average; and cumulated average. The table lists data for various semesters from 2018/19 to 2022/23. Below the table, there is a section titled 'Supplementary data of the training' with three bullet points. Two blue arrows point from the table area to these bullet points.

Year, term	Student's status	Financial status	Credit	CreditAll	SumCredit	SumCreditAll	Weighted grade average	cumulated average
2020/21/2	Active	Self supporting student	34	36	181	189	4.08	3.66
2018/19/1	Active	Self supporting student	28	30	28	30	2.89	2.89
2018/19/2	Active	Self supporting student	28	29	56	59	2.85	2.87
2021/22/1	Active	Self supporting student	28	33	209	222	3.5	3.64
2021/22/2	Active	Self supporting student	32	36	241	258	3.62	3.64
2019/20/2	Active	Self supporting student	30	31	115	121	4.2	3.51
2019/20/1	Active	Self supporting student	29	31	85	90	4.03	3.27
2020/21/1	Active	Self supporting student	32	32	147	153	3.78	3.57
2022/23/1	Active	Self supporting student		29				

Number of results: 1-9/9 (16 ms)

**Supplementary data of the training**

- ❖ All obligatory subjects (pc completed /pc taken) **65/67**
- ❖ All obligatory elective subjects (pc completed /pc taken) **8/15**
- ❖ All elective subjects (pc completed /pc taken) **10/13**

Summary statistics (indicated by blue arrows):

- ❖ All obligatory subjects (completed credit/taken credits) **216/216**
- ❖ All obligatory elective subjects (completed credit/taken credits) **15/29**
- ❖ All elective subjects (completed credit/taken credits) **10/13**
