University
Discount
Program

Read on!

- To find out what GreenGo is
- To get to know the fleet
- To learn about the service area
- To confidently register
- To understand what the University Discount program offers
- To discover that we even have solutions for things you wouldn't expect

What is GreenGo?

GreenGo is Budapest's only fully electric e-carsharing service. Our fleet currently consists of **500 cars**.

Billing is **based on minutes**, so you only pay for the time you actually use the car.

Carsharing services provide **access instead of ownership**, without the financial and administrative burdens of car maintenance.

If you need a GreenGo for a longer period, we offer a more favorable **daily rate** instead of the per-minute fee.

After a quick online registration, you can rent a car anytime, 24/7, through an app — **no personal appointments or deposits required**.

Plus, with GreenGo, **you don't have to worry about the increasing parking fees!**

Fleet

Volkswagen e-Up!

Range:
120-150 km

**VW e-Up!
& Škoda Citigo**

Range:
250-300 km

Kia Niro EV

Range:
Up to 500 km

GreenGo Cargo

Available in two sizes
Range: 170-240 km
Large cargo space

All cars are equipped
with a Pest County
highway vignette.

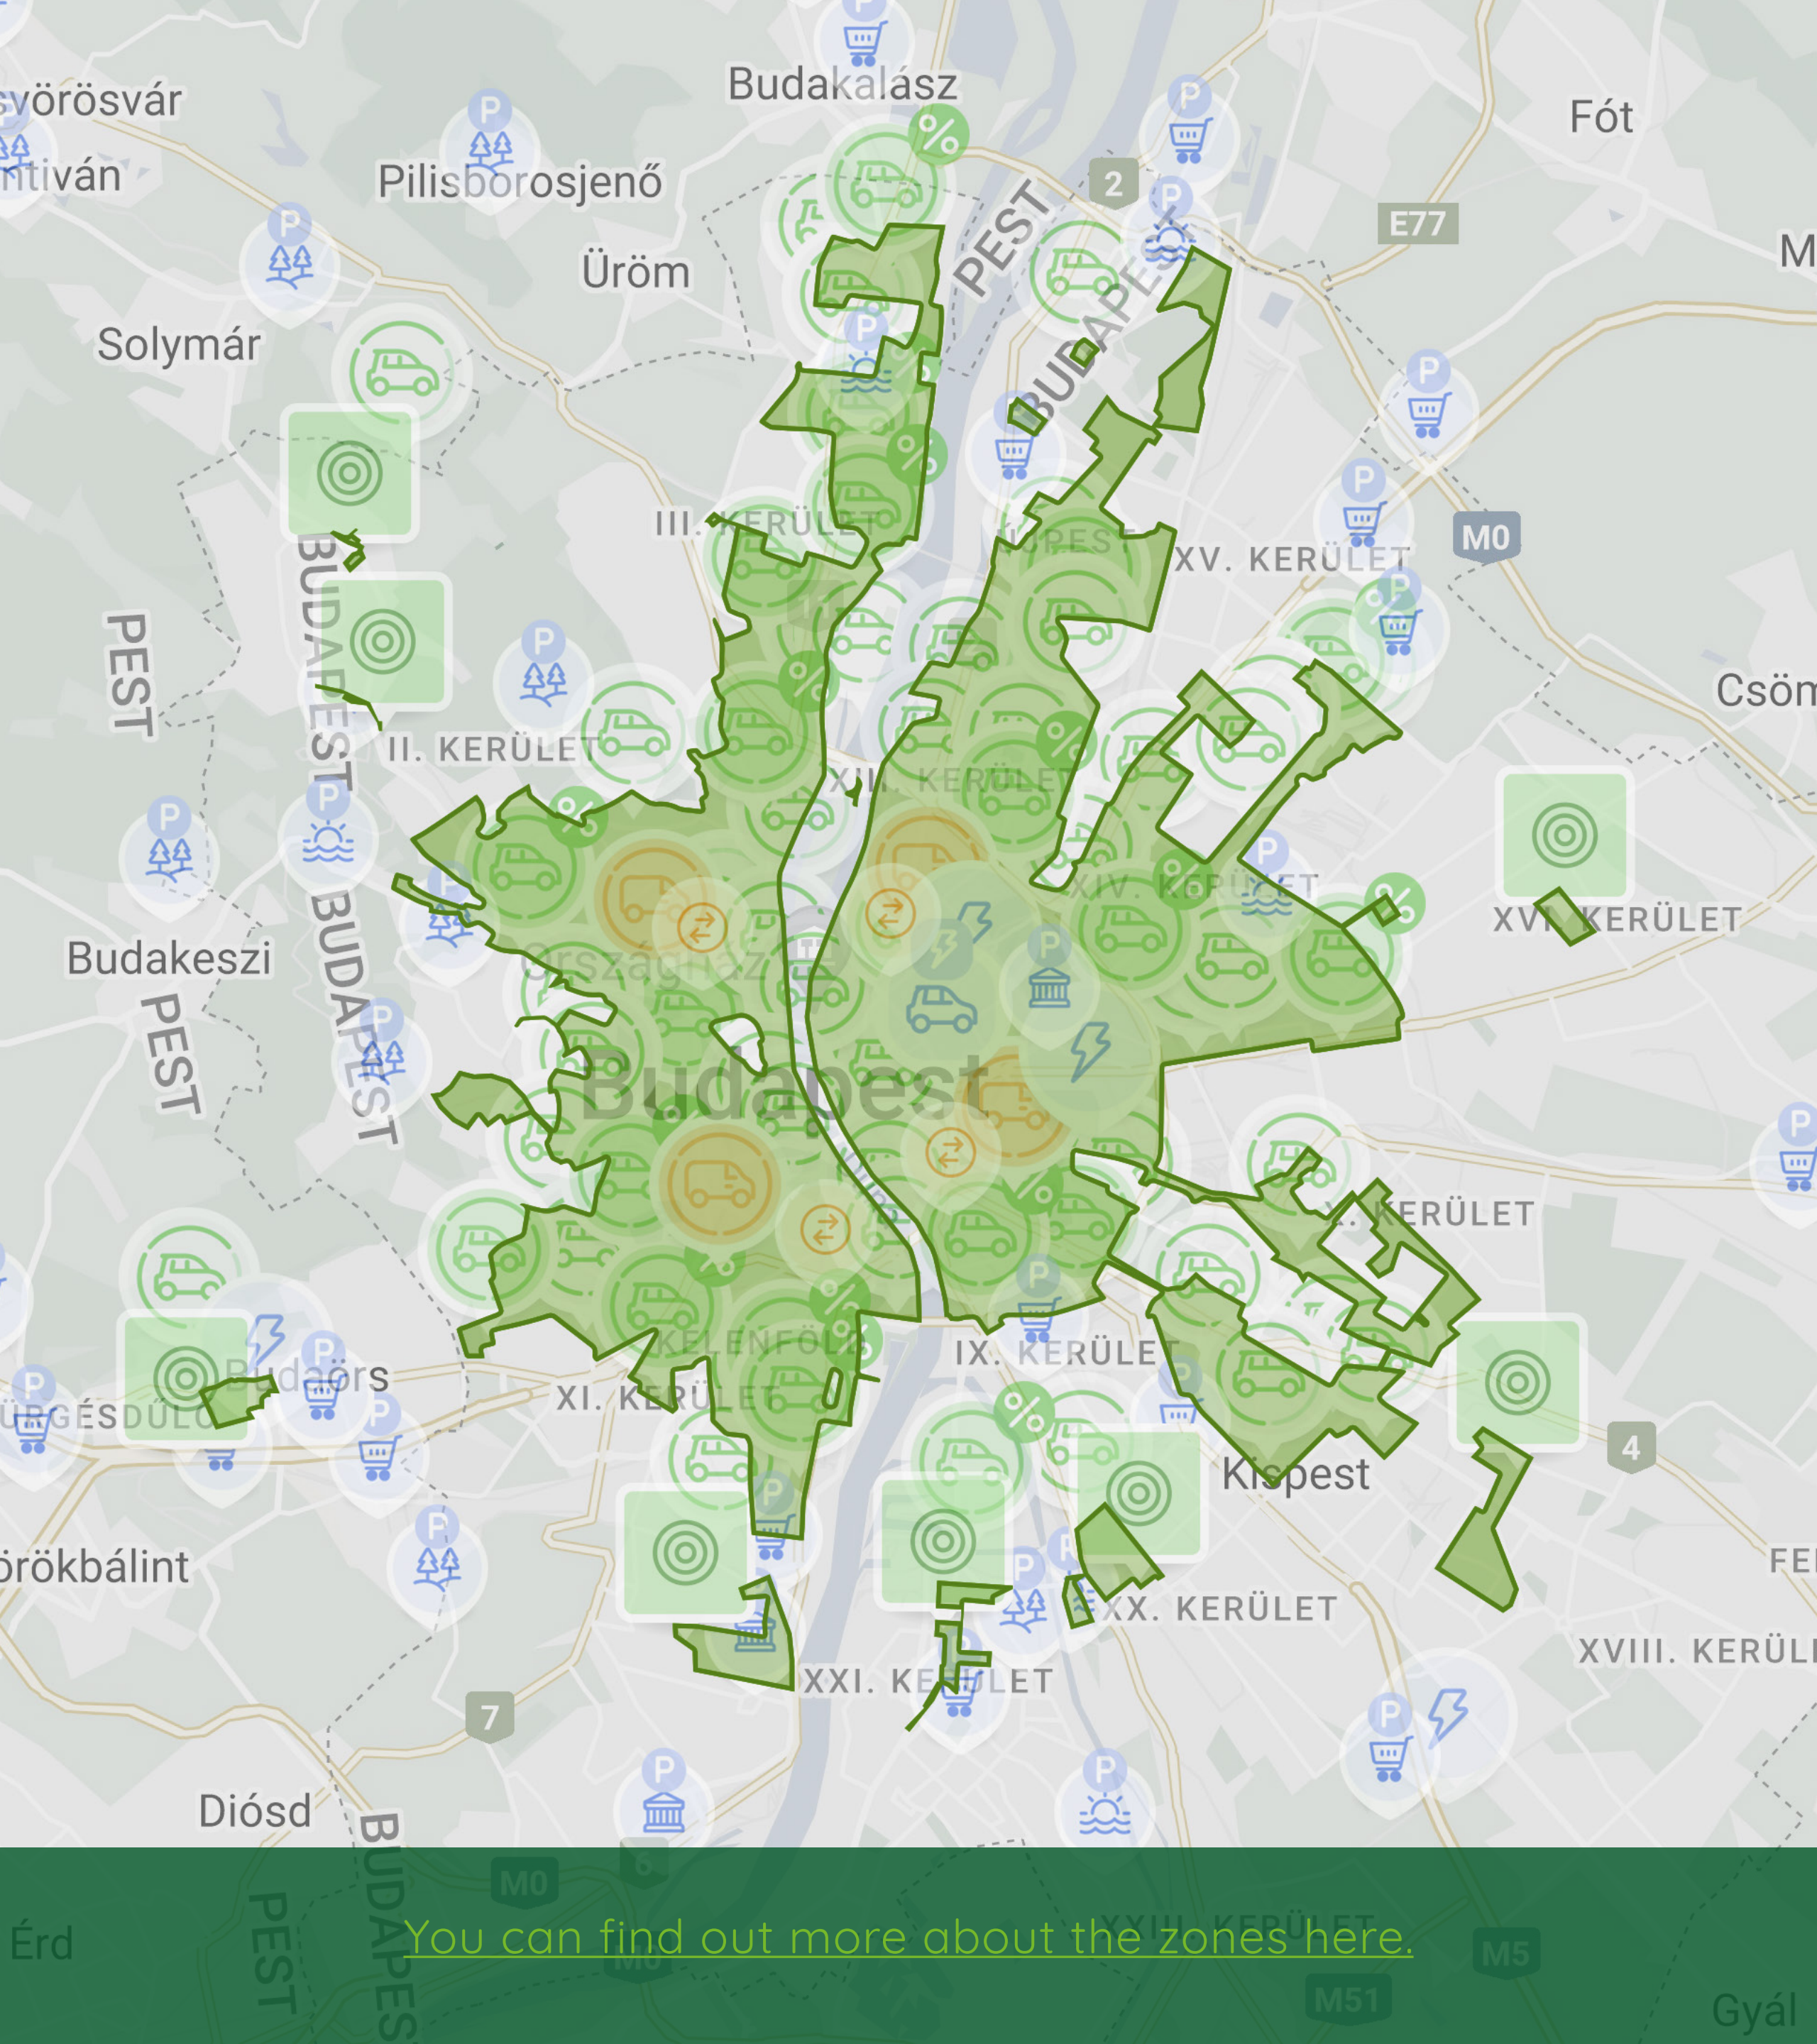

Some vehicles marked
in the app also include
a nationwide highway
vignette.

If you'd like to learn
more about the fleet,
you can read further
[\[here\]](#).

We take care of charging the GreenGo vehicles,
but if you'd like to charge one during your
journey, check out our [Charging Guide!](#)

Service Area

- Our service area currently covers a 110 km² zone in Budapest.
- Within this zone, marked in green in the app, you can start and end your car rental.
- While you're free to leave the zone during your rental and explore the entire country with GreenGo cars, you must return to the service area to finish your trip.
- You can view the exact boundaries of the service area and the current location of our cars in the app, even without registering.

Look for green markers indicating **External Zones**, where you can also start and end rentals.

Blue markers indicate **Discounted Parking Zones** for added convenience.

Registration

1

Download the GreenGo app if you don't have an account yet.

2

During registration, you'll need your driver's license (even a newly issued one is accepted) and your bank card.

3

The process takes approximately 5 minutes, after which we'll initiate a verification process. If everything is in order, your account will be activated within 10 minutes.

GreenGo University Discount Program

As a university member participating in the Discount Program, you'll enjoy the following benefits

- Free registration
- Access to our Green Plus package or (for students under 25) to our U25 package without a monthly subscription fee.*
- Requirements: You must have an active university email address, which you should use during registration.
- If you already have an active GreenGo account, simply update your email address in the app and switch to the Green Plus or to the U25 package!
- Allow us to notify you about our discounts so we can also inform you about the periodic offers available to Program participants!

* For current Green Plus and U25 [package rates](#), visit our website.
