Tariff Plans – Fiatalok Flotta

	Super 15X	Super 50X	Super V
Monthly fee with e-Pack, without a device purchase for a fixed-term contract of 1 year, or with a device purchase for a fixed-term contract of 2 years.	HUF 5,990	HUF 7,490	HUF 8,990
Calls within the network for domestic standard-rate Hungarian numbers, and for Hungarian and EU numbers within the EU	Unlimited	Unlimited	Unlimited
Calls out of the network for domestic standard-rate Hungarian numbers, and for Hungarian and EU numbers within the EU	Unlimited	Unlimited	Unlimited
SMS Rate domestically	HUF 25	HUF 25	HUF 25
Data usage domestically and in the EU Cannot be shared or rolled over. The estimated maximum download speed is 5 Mbps for the Trend package, and 10 Mbps for Super and Premium Unlimited packages.	15 GB	50 GB domestically, 34 GB in the EU	Unlimited domestically, 42 GB in the EU

The subscription fees may be adjusted once a year in line with changes in the consumer price index. The e-Pack service is conditional upon registration for electronic billing, payment of bills electronically, and timely settlement of bills before the payment deadline. If the Subscriber fails to meet any of the above conditions in a given month, a one-time charge of HUF 500, equal to the e-Pack discount amount, will be applied to the next month's bill for an individual fleet plan.

Your fleet membership can be shared with others! You can invite up to 5 friends to join the fleet plan, who can all subscribe to the exclusive packages and benefit from unlimited talk time with each other. They can sign the contract in their own name with separate billing. If you prefer to pay the bills jointly, this is also possible, the additional subscriptions can be registered under your own name.

Subscription made easy

If you'd like us to contact you before signing the contract, you can request a callback by filling out the following needs assessment form.

Request a callback

To sign a contract online, you can log in at www.one.hu/shop/flotta using your **fleet online code: 1001702177**

Number porting

Free, flexible, and simple

You can transfer your phone number to us, including the service provider code, free of charge.

We will carry out the number porting for you on the day of your choosing, between 8 p.m. and midnight.

All you need to do is initiate the process with One, and we will take care of the rest for you, whether you're on a pay-as-you-go or subscription plan.

Before porting your number, check with your current service provider:

- All your personal data is accurate and matches the information in your documents.
- You have no outstanding bill exceeding 30 days.
- The terms of contract termination and any potential costs.

Device offers

You can take home your favorite device with a down payment of 0 HUF and pay in 30 interest-free monthly installments.

Current price list

Samsung Galaxy A16 128GB

0 HUF down payment
+ 30 months
x HUF 2,000

Total price:
HUF 60,000

For payments in installments, we will conduct a credit vetting process, and depending on the result, we may require a deposit for the device purchase. The amount paid will not go to waste, it will be deducted from the total of your next month's bills.

Additional data options and services

Renewable ExtraData	Monthly fee	One-time ExtraData	Fee
1 GB	1,190 HUF/month	1 GB One-Time ExtraData	HUF 1,490
5 GB	2,190 HUF/month	Unlimited 24-hour ExtraData Unlimited domestically, 7 GB in the EU	HUF 1,790
10 GB	3,590 HUF/month	Unlimited 72-hour ExtraData Unlimited domestically, 10 GB in the EU	HUF 2,590
20 GB	6,690 HUF/month		

VoWiFi Service – Voice Calls via WiFi

To ensure better sound quality for your calls via WiFi, even if you are in an area with weak or inadequate network coverage.

- 

VoLTE service and a 4G-compatible SIM card are required
The VoWiFi service is available to VoLTE-registered customers, and a VoLTE/4G-capable SIM card is required to use it.
- 

VoWiFi-compatible device and software
The device must support the technology (it must be factory-equipped for VoWiFi) and a software update may be required for installation.
- 

Enabling/activating the VoWiFi feature on the device
Activate WiFi calling through the device settings.
- 

Connecting to a WiFi network
Connecting to a WiFi network with an open internet connection.

The service can be used both domestically and abroad, and there are no one-time setup or monthly fees for using it. VoWiFi technology is available to all VoLTE subscribers on the One network, so if the above conditions are met, no separate setup by the service provider is required.

General Information

Date of publication: **01/06/2025** All of our described offers are valid until withdrawn. Prices include VAT. This publication is intended for informational purposes only. The current phone and device offerings available with the tariff plans, along with their prices, are determined by the applicable price lists in effect at the time.

Fleet Tariff Plan
After the fixed-term contract expires, the service will continue to be provided at the rates specified in the fixed-term contract. The free in-group calling service provides free domestic calls between all subscribers within your fleet, including corporate subscribers. For Monthly Subscription Contracts, the Service Provider is entitled to conduct credit vetting. Depending on the result, One is entitled to require a deposit or other form of security (e.g. bank guarantee, surety, etc.) as a condition for using the service. If the Subscriber terminates the Subscription Contract concluded considering the level of discount within the fixed term due to reasons within their sphere of interest, the Service Provider is entitled to reclaim the discounts specified in the General Terms and Conditions and/or the potential Device Sales Contract from the Subscriber. The content and pricing of the individual fleet tariff plans are available upon verification of eligibility either in stores or via the toll-free 1270 phone number from within the country using your fleet online code.

Additional Data Options
The One-time ExtraData and the Renewable ExtraData supplementary data options are non-shareable and can only be used until the end of the given billing cycle, under the same conditions as the data traffic included in the service package's monthly fee. If the data option is not fully utilized by the end of the billing cycle or before purchasing the next data option, any remaining unused data traffic from the existing option will be forfeited. The One-time ExtraData options are non-renewable, meaning they must be repurchased as needed in each billing cycle.

Credit vetting
In the case of a monthly Subscription Contract, a pre-approval credit vetting will be conducted. Depending on the result, One is entitled to require a deposit or other forms of security (e.g. bank guarantee, surety, etc.) as a condition for using the service. The installment payment option is a 3-month interest-free offer without any further costs. If the Subscriber makes any installment payment late, One reserves the right to consider all remaining installments related to the subscription as due in full. In this case, the outstanding balance payment must be made by the due date of the monthly bill issued after the contract termination.

One VoWiFi Service
The One VoWiFi Service has no one-time nor monthly fees. The per-minute and SMS charges for domestic and EU calls are the same as the rates included in the tariff plan. The charges for voice calls and SMS messages made from abroad to non-Hungarian numbers will be billed according to the applicable international pricing. This information is not exhaustive.

EU Roaming
EU phone numbers refer to the countries specified in the One General Terms and Conditions (ÁSZF) Pricing Annex 2, which are part of the EU International Tariff Zone. The current list of partner networks can be found at <https://www.one.hu/ugyintezes/hasznos/roaming>. A detailed description of the discounted roaming rates during the use of One EU Roaming can be found in Annex 2 of the General Terms and Conditions (GTC), which discusses the pricing schedule.

This information is not exhaustive. For further details, please contact your fleet plan representative.
