

REQUIREMENTS FOR PARASITOLOGICAL PRACTICALS

4th year

2026/2027 First Semester

General regulations

Students should please wear their own labcoat! It is forbidden to consume meals or drinks, and to use **mobile phone, tablet, laptop**. It is not allowed to take pictures or sound records about practicals. Students should follow regulations of fire protection, safety instructions.

No change of group is allowed. **The maximum number of students is 18 per group.**

Requirements

Students should attend all practices with their own group and should arrive in time accurately. In case of a missed practice (even due to official reason) the student should watch the Teams video of the relevant practice and have oral/written examination from the given topic.

As shown in the schedule, there is a **test** based on the practical hand-out at the beginning of the practice (5 multiple choice questions: 1 correct answer out of 4 in case of each question). At least 2 questions should be answered correctly to get pass mark (2). The results of the tests (1-5) will be shown during the next practice. **Anyone not passing the test must repeat it with oral or written examination from the given topic. It is not possible to repeat the test to improve pass marks (2 and above).**

There are **midterm** practical examinations from the previous practical topics during the semester. On these midterm exams each student will get macroscopic preparations, two slide preparations and pictures to recognize. **The midterm practical examinations must also be done in the same (own) practical group. Students who did not achieve the first midterm, are not allowed to continue with the practices of the second major topic.** It is not possible to repeat the midterm to improve pass marks (2 and above).

Practical course bonus points incorporated into the final exam result: 10 points for students who passed both autumn midterms with excellent (5) mark; 5 points for students who passed autumn midterms with good (4) and excellent (5) mark or with two good (4) marks. If a student fails or does not attend the midterm at the scheduled time, she/he cannot get bonus points for the final exam (except if missing due to official or medical reason which she/he can certify). Bonus points cannot be transferred to later exam periods.

The number of failed tests and missed practices (except absence due to official or medical reasons) together cannot exceed 3 within a semester! In case of 4 or more failed tests or unjustifiably missed practices the student is examined by the course leader from all topics of the semester for getting the signature.

Prerequisites for completing the semester (i.e., getting the signature): participation on the practices, passing all written tests and midterm exams.

Budapest, 7. September 2026.
