

New international online job exchange exclusively for veterinarians 😁

We at Hardenberg Consulting are expanding our portfolio to include an Internet job portal: vetjobs24.com is another initiative to fill positions in the veterinary medicine and animal health industry. 🧑🏻 🇪🇺 🧑🏻 🇪🇺

vetjobs24.com concentrates exclusively on the essentials: only jobs - no advertising or newsletters, as is often the case with other online job exchanges. You as an employer or employee place your advertisement - you will find each other, uncomplicated and without detours. 👍

We also offer you veterinarians with a non-German professional qualification information on professional recognition in Germany as well as on possibilities and support measures for German courses.

The special bonus for you as an employee is unique: When you start a new job, which was mediated via vetjobs.24, Hardenberg Consulting will give you 1,000€ starting bonus directly to your account! 💰

We are now online at www.vetjobs24.com (you also find us at facebook) and ready for your job or employee search!

We are looking forward to you, your team from vetjobs24.com
