In addition to core studies a wide selection of electives make the curriculum more individually-suited.									
Practical courses between semesters									
There are obligatory extramural practicals during the summer after the 4th, 6th and 8th semester									
(Animal Breeding 2 weeks, Animal Nutrition 2 weeks, Polyclinical 4 weeks);									
obligatory clinical practice (day and night shifts) with small and large animals during the 7th, 8th, 9th and 10th semester									
and obligatory mobile clinic visits during the 9th and 10th semester.									

The 11th (practical) semester					
includes practical work at the University Clinics and university-associated institutions (for international students usually outside Hungary)					
and it has an ECTS-value of 30.
