

Dear Students,

Please be advised that from next semester – starting from February 2023 – a new system will enter into force regarding how the electives are calculated. According to the new changes only 40% of your overall electives can be from type „C” – non obligatory elective – courses (or you can have more than 40% but it will not be taken into consideration) and the other 60% must be from type „B” – obligatory elective – courses. Please choose your (type of) electives accordingly.

Please note that there will be no changes in the number of ECTS credits you have to collect until the end of the 10th semester as minimum of 30 ECTS-credits remain the same.

Please note that this is applicable for 1st year students.

Kind Regards,

Tibor Bartha
