

Type of examination	Description	Price (gross, Ft)
Simple histopathologic report	Preparation of formaldehyde conserved samples and their subsequent light microscopic examination after hematoxylin and eosin staining (HE). Diagnosis, tumor grading and remark within 7-10 working days, max. 14 days.	1 piece of specimen 8000 Ft for every extra specimen from the same animal +2.300 Ft
Detailed histopathologic report	Histopathologic description, diagnosis, grading of tumors, remark.	14.000 Ft
Urgent examination	Sending of simple histopathologic report within 2-4 working days (depending on the specimen fixation status at arrival).	16.000 Ft
Special stainings and reactions	Giemsa, Azan, Congo red, elastic fibre and fibrin-staining, PAS-reaction, von Kossa staining; Copper staining, Perl's-reaction, etc. (consultation is available).	3.500 Ft price of basic histopathology includes 1 special staining if needed
Margin evaluation (neoplasms)	Margin evaluation in case of total excision (obvious marking of specimen sides is required).	+1.700 Ft/slide
Complete mammary gland examination	Preparation of formaldehyde conserved samples and their subsequent light microscopic examination after HE staining.	12.600 Ft (maximum 4 specimens + lymph node)
Skin biopsy/excision		8.000 Ft
Liver biopsy/excision	Basic histopathologic examination of liver specimen with HE, PAS and Copper staining.	11.500 Ft
Decalcifying	In case of osseous specimens (beside HE staining).	2.300 Ft
Cytologic examination	Examination of cytologic smear with HE or Giemsa staining.	4.000 Ft
Histopathology of necropsy specimens	Examination of specimens from necropsy performed by the clinician, stained with HE and other stains on demand.	Calculation of price after consultation
Immunohistochemistry	Immunohistochemical staining of specimens sent for histopathology in order to give a more specific diagnosis.	Price/antibody: 8.000 Ft Lymphoma panel (CD20, CD3, Ki-67): 20.000 Ft
Electronmicroscopic examination	Electronmicroscopic examination and evaluation of biopsies/excisions.	40.000 Ft
10% neutral buffered formalin	1 liter	6.300 Ft

Consultation options: *Dr. Balka Gyula* (balka.gyula@univet.hu; +36-30-235-0469); *Dr. Szilasi Anna* (szilasi.anna@univet.hu; +36-20-490-2128); Reception: +36-1-478-4181.
