

UVMB

**University of
Veterinary Medicine
Budapest**

Why UVMB?

Over **230 years of tradition** in veterinary education.

More than **30 years** of experience with teaching **international students**.

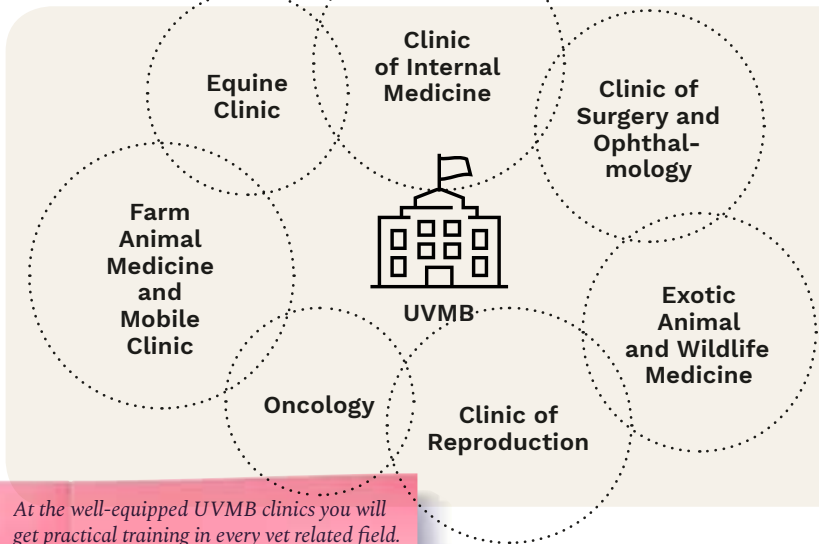

Practice oriented training in **small groups** (8-15 students) – **1800 contact hours with animals**.

Small, friendly, centrally located campus in the heart of Budapest – students and teachers easily get to know each other (all together approximately 1500-1600 students).

European degree – EAEVE accreditation: the degree received at UVMB is **accepted** automatically by the member countries of the **European Union** and in several other countries of the world.

The **preparation** of the American Veterinary Medical Association (AVMA) accreditation is in progress. After obtaining it, graduates will be able to get their license in **the US and Canada**.

Unique Horse (Equine) Clinic in Europe with its horse isolation and bone surgery facilities.

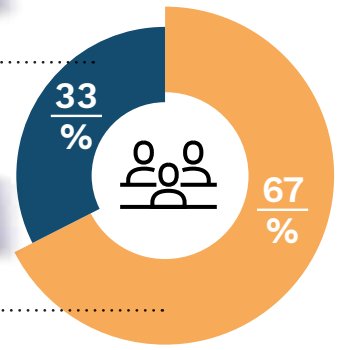

At the well-equipped UVMB clinics you will get practical training in every vet related field.

State Office of Veterinary Hygiene and Public Health

Researcher

Summer School at UVMB

Are you a high school student who is interested in studying veterinary medicine? Our Summer School is designed for students who are passionate about veterinary science and considering studying at our University. We aim to show as much as possible from this beautiful profession while you get a chance to get to know other like-minded international students.

For further information please check our website:

<https://univet.hu/en/education/admission/summer-school/>

YEAR
3

You learn what can go wrong and about the diseases.

Example subjects: Pathology, Parasitology, Pathophysiology etc.

Application and admission

GENERAL REQUIREMENTS

The University of Veterinary Medicine Budapest seeks students with a high school leaving certificate, good command of English, and strong motivation to study and practice veterinary medicine.

Admission is granted based on an entrance exam (the students' educational background in science subjects is not relevant as long as they take a successful entrance exam).

The entrance examination aims to test (in oral and written form) **knowledge in Biology, Chemistry, competency in English** language in general and also in relation to academic subjects.

Entrance exams are organized **online or in person** in several countries all around the world (see list at www.univet.hu/en).

HOW CAN YOU APPLY?

Applications are accepted on a **rolling basis until 30 June** each year. In case of vacancies further applications are also welcome until the end of August. Students or their local representatives need to apply via email (info@vethungary.com) by sending the application documents and paying the application fee.

Deadline
June 30th

Easy application process – documents you will need

- application form
- high school leaving certificate
- curriculum vitae (resume)
- short medical report
- copy of passport with your personal data
- letters of recommendation can be enclosed

YEAR
4-5.5

You learn how to cure diseases.
Practical work at the university clinics in the 11th semester.

Example subjects: Surgery, Animal Hygiene, Food Hygiene etc.

DVM
DEGREE

After 5.5 years of studies, students receive a Master's degree
with the title Doctor of Veterinary Medicine

One of the **first veterinary universities** in the world (founded in 1787).

It is a **state university** and the **only veterinary school** in Hungary.

In 2013 UVMB received the **Research University** title for its **outstanding scientific achievements**.

The programme lasts 5.5 years divided into **11 semesters**.

Out of the 97 veterinary universities in Europe, UVMB was the 7th that received the European accreditation (EAEVE - European Association of Establishments for Veterinary Education) in 1995.

The entire curriculum consists of more **than 5000 hours** – the standard for the European Community.

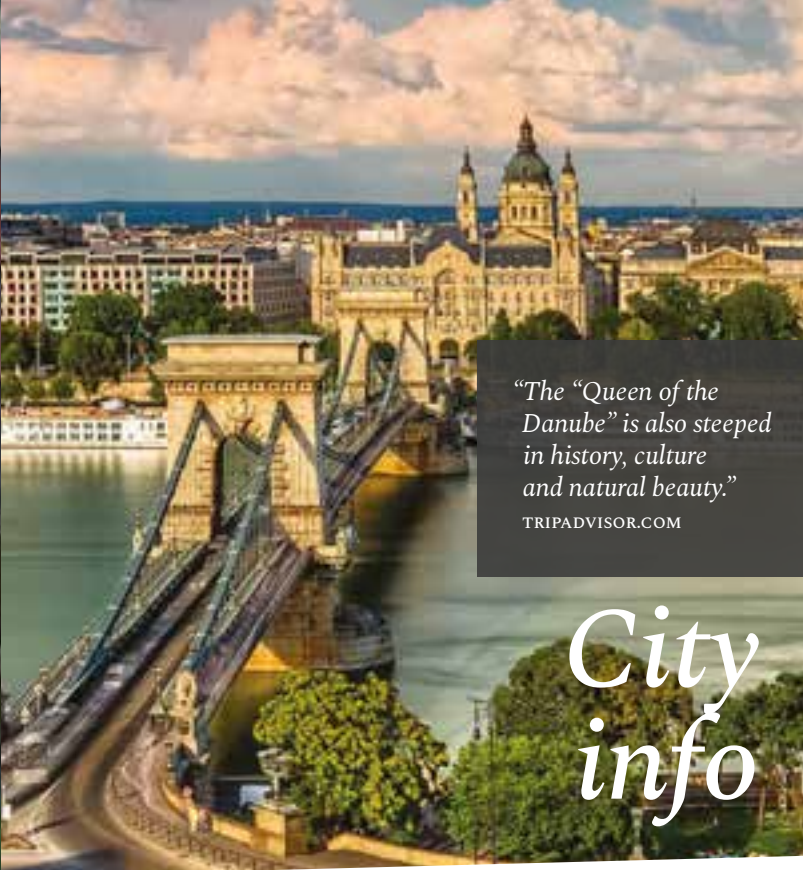

The educational program curriculum contains **lectures, practicums, and field or extramural practice** (lectures are given for the entire term, practicums are held in a tutorial system with 8-15 students in a group).

UVMB info

Historical buildings with renaissance-style ceramic tiles from the Zsolnay manufactory.

“The “Queen of the Danube” is also steeped in history, culture and natural beauty.”

TRIPADVISOR.COM

Testimonials

“In my opinion it’s an amazing profession since we are able to help the creatures that are not able to ask for help. That’s why I chose the veterinary profession.”

Petra, Sweden

“Being a vet student is challenging. We have a lot of studying to do, obviously, but the students at the university really help each other. So, after being here four years now, it’s like having a huge family.”

Cecile, France

“I wanted to have a good experience with studying abroad and I found that this university with this long tradition as it has, it’s been like really really exciting to actually be a part of the long tradition that has been like here. And it has been a proper uni.”

Emma, Sweden

“I really enjoy the practicals because we can see the animal in another way, so we can see the direct connection with our future job.”

Amandine, France

“Budapest is a really nice, beautiful city, I really enjoy the time here. There are different kinds of events here for students, you can hangout with your friends. Also, the university provides events for students, especially trips, they are really good.”

Pawel, Poland

“I love this city, it’s so living, it’s amazing, and you are always discovering something new, and the people are awesome, the culture is really nice.”

Joganah, Mauritius
