

## INFO ABOUT MEDICAL CERTIFICATE REQUIRED FOR THE FARM VISIT + MOBILE CLINIC

Dear Students,

prior to:

- having the farm visit (semester 8, Animal Hygiene 1) and / or
- joining the Mobile clinic shifts (semester 8-10)

you might be asked prior to entering a farm to prove that you are free from certain diseases.

The most common issue is to present an **up-to-date X-ray result** about being free from tuberculosis.

Accordingly, you can purchase a lung X-ray e.g. at the following address:

Vörösmarty utca 47/B, Budapest, 1064 (Terézvárosi Egészségügyi Szolgálat, Lung screening station)

Office hours: Monday: 13:00-18:30

Tuesday: 8:00-13:30

Wednesday: 13:00-18:30

Thursday: 8:00-13:30

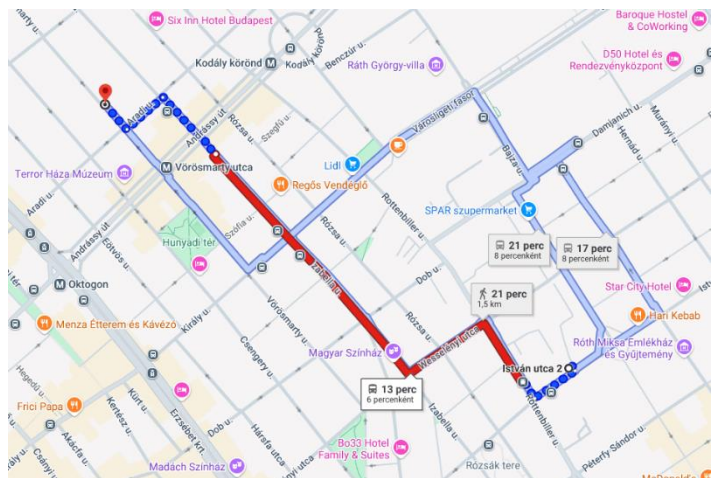

Friday: 8:00-13:30

From the University you can walk there

or take trolleybus no 73 or 76 to

Andrássy út/Vörösmarty utca M station from there by foot.

Cost: 1.700,- HUF (payable in cash on the spot)

What you will need:

- your Hungarian address card,
- your ID,
- a current student status certificate (issued by the Student's Secretariat).

The X-ray itself takes less than 3 minutes; the result / evaluation can be collected from the same place on production of the receipt issued on registration there after approx. 2-5 days.

You have to produce a **health-record-book** for the farm visit and mobile clinic.

Feel free to pick it up from the Student's Secretariat and you are asked to fill in the first page with your personal details (név - your name, anyja neve - your mother's maiden name, születési éve - year of birth, lakcím - address in Budapest).

In addition you are asked to sign on page 4 (with indicating the date at 'kelt'), that you will show up at the univ's medical doctor and will inform him if you show during your practical any of the symptoms below: jaundice, diarrhea, vomiting, fever, pharyngitis, skin rash, exuding conjunctivitis. These medical conditions will be kept confidential.

The medical check-up has to be within 10 months of your farm-visit / mobile clinic.

For the medical check-up you need to take the following with you:

- health booklet
- lung X-ray result (not older than 1 year)
- face mask
