

Summer Polyclinical Practice Report 2026.

In the summer practice report students introduce the Veterinary Facility where they spent their practical time, and describe the most important and interesting experiences they gained during that time.

Hand- in information:

- Submission deadline: **24 August 2026, 09:00 am – 14 September 2026, 12:00 am**
- The Report must be submitted electronically as a PDF file, with the relevant Certificate(s) attached at the end of the document.
- The Report must be uploaded as an attachment to the Summer Practice Request in Neptun (Neptun → Administration → Requests → Summer Practice Request).
- The required practice data must be entered in the request.
- The information provided in the Summer Practice Request in Neptun must correspond exactly to the information provided on the cover page of the Report.

Format requirements of the Report:

Cover page:

- The title („Summer Polyclinical Practice Report”)
- Name and Neptune code of the student
- name of the practical placement:
- Location (address):
- ‘species’: small animal/horse/ farm animal/ (exotic animal)
- * For mixed practices, please indicate the species you worked with most, even if you worked with several species during the practice.
- name of the supervisor:
- start date:
- duration: 2 weeks (4 weeks if you were at same place with the same ‘species’)

Content:

Students introduce the facility/facilities briefly and write about the experiences, observations, skills and practical knowledge they acquired during the practice and the daily work routine can be described too. 1-2 photos can be inserted.

The length of this part is *maximum 4 pages* (If the practice was completed at two different facilities, approximately 2 pages should be devoted to each facility.)

The Report should be in A/4 size, with 12pt Times New Roman type characters, 2.5 cm margins and single spacing in justified format.

The maximal length of the Report is 5 pages with the cover page!

Don’t forget to add the scanned version of the signed **Certificate and evaluation form!** You can download it from the website of the practice.

Certificate and evaluation formula:

- Should be inserted at the end of the report. Important- If the practice was completed at more than one external facility, a separate certificate must be completed and signed for each facility.

- In case of an *own university clinical* practice the formula needn't be filled in nor attached.
- The Report is regarded invalid without the filled certificate(s) relevant to each practical place.

Evaluation:

The Summer Practice Report won't be evaluated with a grade, but submission until the deadline is the requirement of the completion of the Summer Practice as well as the appropriate format.
